

IUC CLINICAL SERVICE DEVELOPMENT MANAGER

Nationally based - travel will be required

Up to £60k pa

Are you looking for a new challenge?

Ever considered being part of an ambitious transformation programme?

Passionate about the delivery of integrated urgent care services?

If you answer yes to our questions we would be really pleased to have a further discussion with you about joining our dedicated and collaborative team of clinical and operational managers.

Vocare are looking for a senior clinician with experience in service improvement to join its National team. Reporting directly to the Director of Quality and Nursing the post holder will play a pivotal role in the delivery of a transformation programme focusing on the delivery of integrated urgent care services.

Our ideal candidate will be a registered healthcare professional with substantial post registration experience some of which will have been in primary, emergency or urgent care. They will be able to demonstrate evidence of having delivered significant service improvement and an ability to work without supervision, under pressure and to tight and often challenging deadlines.

This role will particularly suit someone who wants to develop and implement innovative ideas which will deliver positive changes for patients. If you would like to find out more then please email: heather.maughan@vocare.nhs.uk

Our IUC Clinical Service Development Manager will work on a full time basis and will need to have the ability to travel nationally, sometimes at short notice.

We encourage you to apply as soon as possible, as once we receive sufficient applications we may decide to close the advert early.

Vocare is operational 24 hours a day, 7 days a week, 365 days a year and flexibility around these hours will be required.
